

NOTICE OF INVITATION TO BIDDERS  
SANTA NELLA COUNTY WATER DISTRICT  
PRODUCTION WELL NO. 2 PROJECT  
PROJECT NO. 2410018-001C

Owner is Santa Nella County Water District (District). Sealed bids are due on or before 2:00 P.M., Wednesday, May 17, 2023, at the District office at 12931 State Highway 33 in Santa Nella, California 95322. Project contact is Bao Cha, Black Water Consulting Engineers at (209) 694-4766 or [bao@blackwater-eng.com](mailto:bao@blackwater-eng.com). The work to be performed under this Contract consists of construction of a new water production well located near the Volta community that will serve the existing users in Santa Nella and Volta communities. Well No. 2 will be screened below the Corcoran Clay to meet the required production rate of 600 gallons per minute (gpm) and to meet all water quality standards. Well No. 2 is to be constructed of 14-inch diameter, High Strength Low Alloy (HSLA) casing with HSLA steel wire wrapped well screen to a depth of approximately 600 feet. Well No. 2 will be screened at approximately 460 to 500 feet below ground surface (ft bgs) and 520 to 560 feet below ground surface (ft bgs), with confirmation based on lithology and geophysical logging following borehole drilling, and will include gravel feed and sounding tubes. A mandatory pre-bid conference will be held at the Well No. 2 site in Volta, California on Wednesday, April 12, 2023, at 2:00 P.M. Bidders may obtain a copy of the Contract Documents from the Public Purchase website at: <https://www.publicpurchase.com/gems/sncwd,ca/buyer/public/home>. It is the responsibility of the Contractor to check the website for any addendum to the project. Funding has been provided in full or in part through an agreement with the State Water Resources Control Board. California's Drinking Water State Revolving Fund is capitalized through a variety of funding sources, including grants from the United States Environmental Protection Agency proceeds. The project is subject to prevailing wage and compliance with 40 CFR Section 33.302 Disadvantaged Business Enterprises and USEPA's Program for Utilization of Small, Minority, and Women's Businesses Enterprises rule. The Contractor must possess a C-57 license to install and repair water wells and pumps by boring, drilling, excavating, casing cementing and cleaning to provide a supply of uncontaminated water.
